67" Cast Iron Roll Top tub with 7" rim holes and Chrome Ball-and-Claw Feet, Custom Paint

Drop-in baths have a finished rim and are designed to drop into a deck or custom surround.

One of the advantages of drop-in baths is that they can be installed in corners, peninsulas, islands and recesses or can be sunk into the floor. A drop-in bath is supported from below and has a self-rimming edge that is designed to sit over a frame topped with tile or another water-resistant material. Many soaking baths are designed for drop-in installation.

59" Cast Iron Drop-in Tub CBT-22

- Dimensions: 59" L x 27-1/2" W x 15" H
- Weight (uncrated): 214 lbs
